Objective

As a software developer with a BE in Computer Science, I am committed to continuous learning and keeping up with emerging technologies. My skills have been developed through various projects and internships, including roles as an Android Developer at INTERSAVY and a PHP Developer at CreArt Solution. These experiences have allowed me to work in different environments, solve challenges with technical knowledge and creativity, and deliver high-quality software. I am eager to apply my expertise and make a meaningful contribution within an organization, leveraging my proficiency in Python, JavaScript, PHP, and frameworks like React, Next.js, and Flask.

Skills

Technical Skills

- **Programming Languages:**
  - Python
  - C Language
  - PHP
  - JavaScript
- **Web Technologies:**
  - Html5
  - Next.js
  - CSS3
  - React.js
  - Bootstrap
  - Tailwindcss
  - Wordpress
- **Tools and Platforms:**
  - PowerBi
  - WebRTC
- **Framework and Libraries:**
  - OpenCV
  - Flask
- **Database Management:**
  - MySQL
  - MongoDB

Soft Skills

- **Problem-Solving Ability**
- **Adaptability and flexibility**
- **Team collaboration and leadership**
- **Creative and critical thinking**

Education

BE Computer Science	2020 - 2024
Marwadi Education Foundation - GTU	
CGPA: 8.33	
10 + 2 Intermediate	2019 - 2020
Aditya Birla School, Veraval	
Percentage: 50%	
High School	2017 - 2018
Aditya Birla School, Veraval	
Percentage: 65.50%	

Hobbies

- Travelling
- Cooking
- Hiking
- Reading Book

Languages

- English
- Hindi
- Gujarati

Internship/Experience

Android Developer Intern	1st July - 27th July 2023

INTERSAVY l Remote | Link

During the internship, I gained hands-on experience in Android development using Java, learning and applying core concepts.

PHP Developer Intern	28th July - 10th Aug 2023

CreArt Solution l Remote | Link

During the internship, I learned PHP basics, mastered Laravel framework, and developed video calling web apps using WebRTC.

Academic Projects

- **ProctorShield**   **Link**

My final year project, the Online Proctor System, uses Flask, WebRTC, and TensorFlow to ensure secure and fair online exams.

- **UrbanHaven**   **Link**

Developed a WordPress e-commerce site for my academic project, enabling secure online shopping.

- **PDFhub**   **Link**

Developed a PDF converter application, enabling efficient document conversion to and from PDF format.

- **JobHuntHustlers**   **Link**

Engineered Job Hunt, a project management website that optimized task tracking and collaboration; increased team productivity by 40% and reduced project completion time by 25%.

Personal Projects

- **Portfolio**   **Link**

Built a personal portfolio website using Next.js and Tailwind CSS to showcase my work and skills.

- **WebShare**   **Link**

Created a secure file-sharing app with Next.js, Tailwind CSS, React, Firebase, and Clerk for authentication.

- **Spotify Clone**   **Link**

Developed a Spotify clone with added features using Next.js, React, Tailwind CSS, Redux, PostgreSQL, and Stripe.

- **AI ChatBot**   **Link**

Built an AI chatbot like ChatGPT using Flask, Tailwind CSS, MongoDB, and OpenAI API.

- **Discord Clone**   **Link**

Replicated Discord with real-time communication using Next.js, Tailwind CSS, TypeScript, Prisma, MongoDB, and Socket.io.

- **Face Detection & Recognition Model**   **Link**

Implemented face detection and recognition using HaarCascade and deep learning for image recognition.

- **Resume Analyser**   **Link**

Created a tool to analyze resumes, providing scores, recommendations, and tips using PyResparser and PDFMiner

- **Chat with PDF**   **Link**

Developed a Python web app to answer questions from PDFs using OpenAI and Hugging Face APIs.

- **Voice Assistant**   **Link**

Developed a voice assistant with Python, HTML, CSS, JS, Bootstrap, jQuery, and the Eel Python module for seamless UI.

- **Task Manager**   **Link**

Cloud-based MERN task manager for teams with task assignment, tracking, and collaboration features

Achievements

- **Oracle Professional OCI Generative Ai**
  By Oracle
- **Career Essentials in Software Development**
  By Microsoft and LinkedIn
- **Google Analytics For Beginners**
  By Google analytics academy
- **Career Essentials in Generative AI**
  By Microsoft and LinkedIn
- **Software Engineer Role Certification**
  By HackerRank
- **SQL (Advanced)**
  By HackerRank
- **JavaScript (Intermediate)**
  By HackerRank
- **Python (Basic)**
  By HackerRank
- **100 Day's Coding Challenge - Python**
  By TalentBattle
- **CSS (Basic)**
  By HackerRank
- **HTML, CSS & JavaScript Bootcamp - Tinder and HotStar Clone**
  By DevTown
- **Data Visualisation**
  By Forage and Tata

Extracurricular Activities

- **TCS iON Career Edge - Young Professional**
  By TCS iON
- **Passport to Communication Skills**
  By Udemy
- **Transformation Series for SIG Workshop**
  By Marwadi University
- **SSIP Azadi ka Amrit Mahotsav Hackathon**
  By SSIP and Gujarat Knowledge Society
- **Intellify Hackthon**
  By Marwadi University
- **Volunteer MU Fest-2022**
  By Marwadi University
- **Har Ghar Tiranga - Craft Making**
  By Marwadi University
